1859.

TERMS.

NOTE AT SIX MONTHS, when applied for, payable in New York City or Boston, or with current exchange on New York.

All accounts less than *One Hundred Dollars* must be closed 1st July and 1st January, by cash, less discount for unexpired time, at the rate of 10 per cent. per annum, subject to our draft at sight, with exchange on New York.

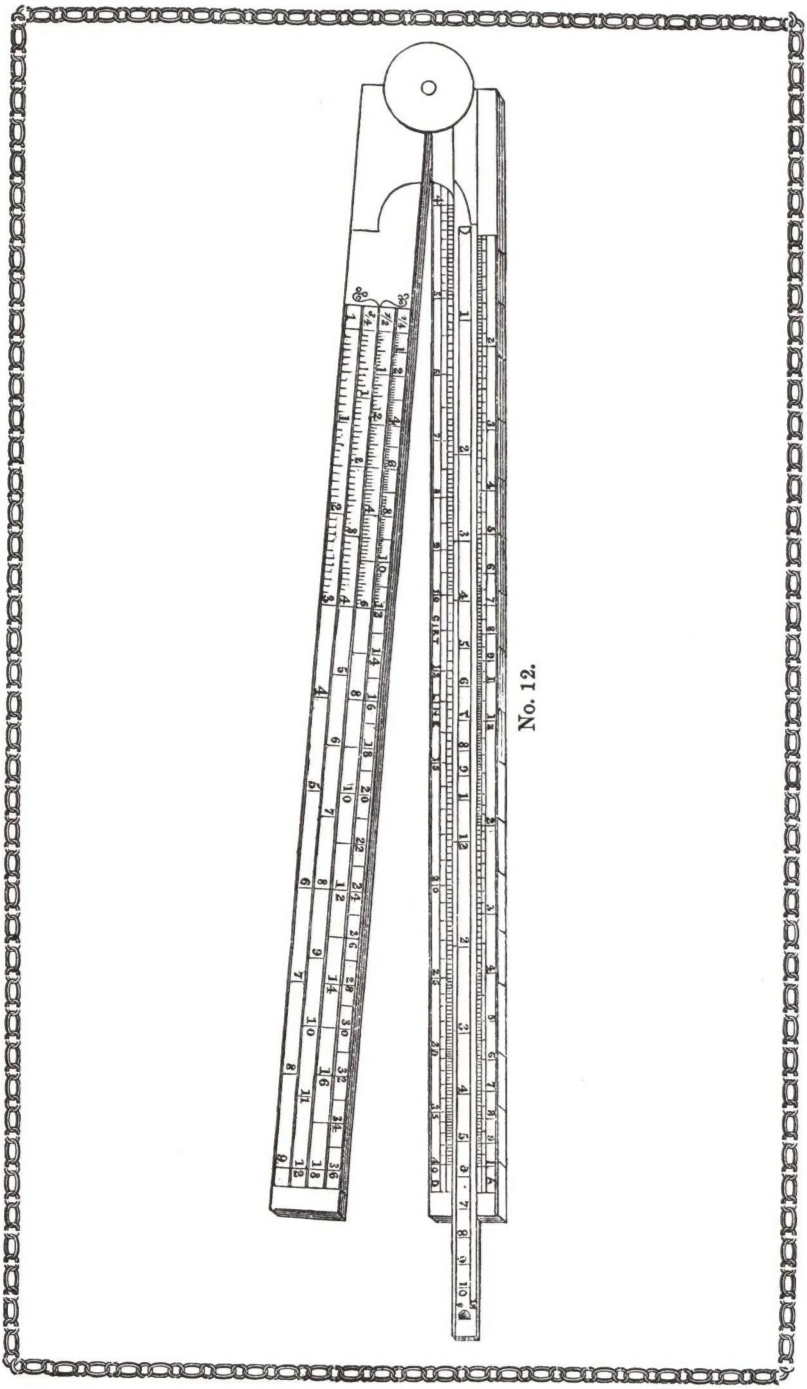

CIRCULAR.

YOUR attention is respectfully solicited to the accompanying PRICE LIST, embracing all the varieties of goods manufactured by A. STANLEY & CO., and HALL & KNAPP. In order to increase the facilities for the manufacture and sale of our goods, the above firms have united under the name of "THE STANLEY RULE AND LEVEL CO.," and will continue to make the same kinds of goods as heretofore, and also any other desirable kinds that the wants of the trade may require in our line of business.

In order to avoid the inconvenience arising from different rates of discount, we have so arranged the prices in the accompanying List, as to make but one discount, and have reduced prices on all the leading kinds of goods.

Our facilities and experience enable us to furnish goods of superior quality, and on the most favorable terms ; and we invite the trade to examine our goods and prices, which can be done either at the Manufactory, or at the Warehouse, No. 52 BEEKMAN STREET, NEW YORK.

WILLIAMS'
PATENT
COMBINATION GAUGE.

THIS GAUGE is a valuable acquisition to Carpenters, Machinists, Metal Workers and others, as it combines within itself the Mortise Gauge, Cutting Gauge, and Marking Gauge.

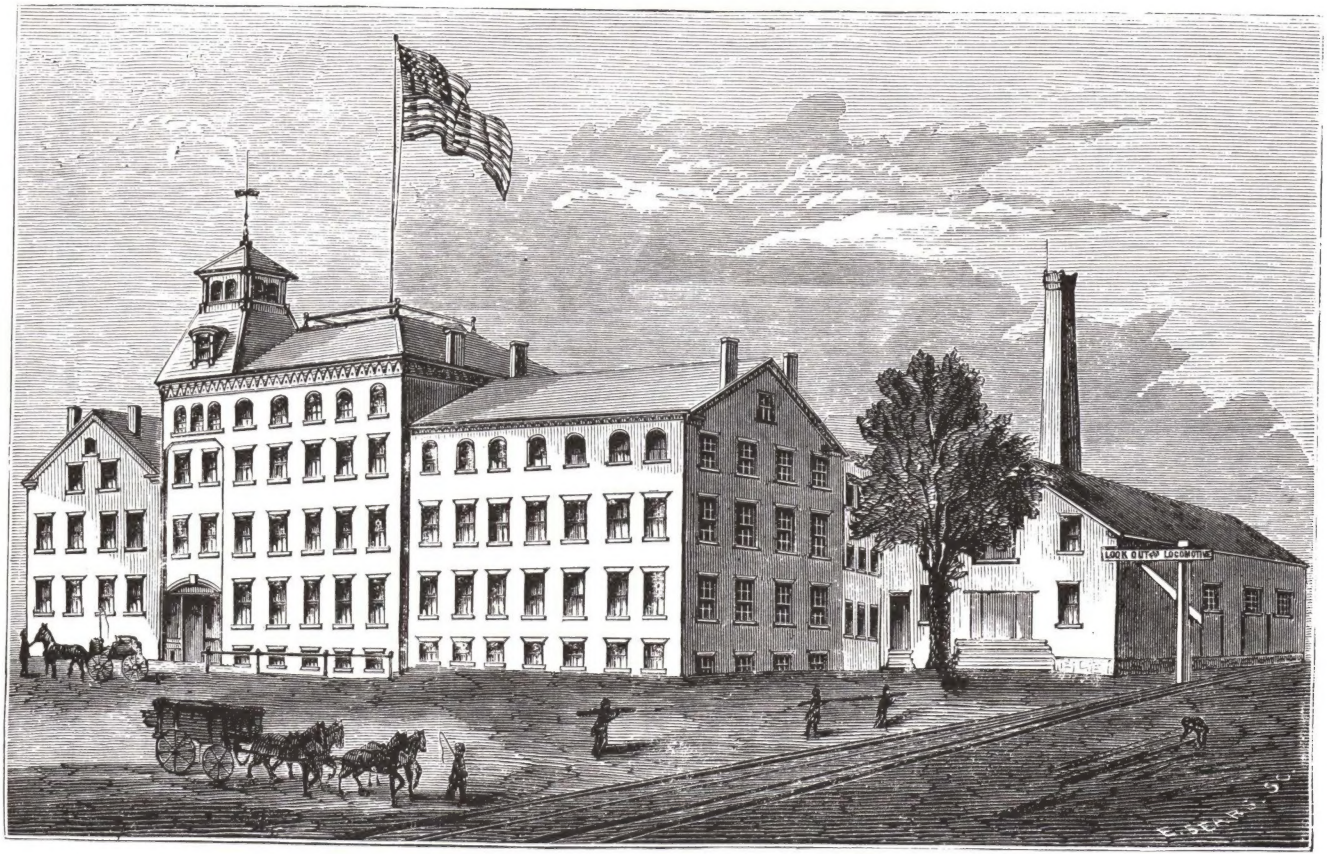

The stem is made of brass, 6½ inches long, and $\frac{5}{8}$ of an inch in diameter, the Mortise point working with an anti-friction screw at the end.

Upon the Stem there is a scale divided into 1, $\frac{1}{2}$, $\frac{1}{4}$, $\frac{1}{8}$, and $\frac{1}{16}$ inches.

The Head is made with Rosewood, faced with Steel.
